OFFICE OF THE MUZRAI COMMISSIONER IN MYSORE,

Bangalore,..... 192

No. 742/25-6

FROM

The Muzrai Commissioner in Mysore.

To

SIR,

(1) as the Head [illegible] to the Picture [illegible] possible to properly control the audit staff [illegible] drawn up by the auditors are not reviewed by the Deputy Commissioners of Districts who forward the same as a matter of mere routine.

(2) The time taken up by auditors to examine the Muzrai accounts of a taluk is found to vary from 5 to 8 days. At this rate the Muzrai accounts of a District could be completed audited during a period of about 3 months allowing a halt of 15 days every month at District Head quarters. When they stop at Head quarters they do not work but practically waste their time. Each auditor will complete the Audit work in about 6 months and as the Taluk authorities have to be given some time to take action on matters relating to irregularities brought to light, the auditors cannot renew their audit before. Hence the auditors will have no work during the remaining period of the year. It is therefore necessary to arrange for the annual audit of Muzrai accounts and to find enough work for the auditors in the interval.

(3) At present auditors work single-handed and have to depend on

the help of the taluk Gumastas. The arrangement is not a satisfactory one as the help rendered by the taluk Gumastas is reported to be not very useful in many cases. If additional establishment is sanctioned two -- Gumastas will be able to get through the work more expeditiously and --- thoroughly.

(4) After the first round of audit is over all the prescribed ---- registers are under the rules there will not be much work to be done by them at subsequent audits. Hence the Muzrai Pass-book Income and Expenditure Register according to the proper maintenance of the --- prescribed Registers.

(5) the following additional items of work are proposed to be --- attended to in the office, which though extra work and which can not be gone through without additional hands. Since at the initial stages of the Muzrai Establishment Fund it may not be possible to sanction - additional establishment the utilities where time could be made use of have been mentioned to the additional work noted hereunder:--

(1) Government in their order No.3803-C01 Mis.F.-96 dated 19th March 1904, have directed that the accounts of the revenues accruing from the lands granted to Muzrai Institutions should be audited in the - Commissioner's office and that work would be attended to in the Muzrai -- Secretariat and abstract statements sent monthly to the Comptroller and the Government should close the balances of individual Major Institutions in the books of the Muzrai Secretariat for purposes of reference- As regards the mode of audit of expenditure as para 16 of the above order it is laid down that it will be sufficient if the Comptroller checks the -- expenditure with reference to the actual tasdik scale under the large heads of (a) Establishment (b) Nityakatle Paditara etc., & (c) Hechukatle and only test the other details being attended to in the Muzrai Secretariat. This was the arrangement when there was no separate Muzrai Commissioner's office, but on its formation the compilation of accounts was transferred to it (Vide Appendix to G.O.No.1600-39/Mis.M.1-08-2 dated 8-2-1909 Statement II item No.12) From 1900-01 to 04-05 accounts were not -- compiled with a view to maintain balances of individual --- institutions as contemplated in the G.O.of 1904 quoted above. From the year 1905-06 the balances of individual institutions (Major, Minor and Village) and the transactions with the treasury are regularly ---

Deputy Commissioners of Districts to instruct tehsildars to submit
monthly institutionwise D.C.B. to this office and in this connection to
C.B. inspections to this office. These returns [illegible]
from Tehsildars, but some of the [illegible]
statements are not dealt with. [illegible]

that it should be taken up in this office early.

(9.) Government in their order No.3407-2120 M.F. 16-17-1[illegible]
16th February 1[illegible] issued [illegible]
village institutions. This work has not been completed till now. If
this work been undertaken in the taluka offices, it could have been possible to classify good many institutions provisionally classed as village i.e., with an income of less than Rs.100/- [illegible] minor. Since the Mirzai Establishment has been [illegible]
in various offices to attend to Mirzai work have been sanctioned, it is very necessary to increase the number of institutions subject to the levy of the percents contribution. This work is best done by a careful scrutiny of the list of institutions provisionally classed as village for institutions with rich and extensive land [illegible] as village. This work will have to be taken up by this office and by issuing stringent reminders it will have to be [illegible]. I have prescribed a quarterly statement of progress done in the ascertainment of the resources of village institutions to be submitted by talukas to this office. These statements have to be scrutinized from time to time.

2. I have issued instructions for the revision of the printed quarterly registers. Progress of work done all have to be watched and ---- reminders issued in time to hasten the collection of the registers in arrear.

The above are most laborious items of work which could not be attended to by the normal account establishment of this office consisting of one Head Accountant and two Assistant Accountants whose time is fully taken up in compiling the daily monthly returns and dealing with the many enquiries connected with arrears and refund bills.

For reasons stated above I solicit early sanction of Government to change the Head quarters of the Mineral auditors to Bangalore. The audit work will be systematised and a work programme drawn up so as to complete the audit of the Mineral accounts of each taluk once a year.

I have the honor to be,

Sir,

Your most obedient servant,

M Thomas Jhs
